The Tri-State Tourism Council actively promotes tourism in Northwest Illinois, Southwest Wisconsin and Northeast Iowa. Our objective is to attract visitors to our area and introduce them to the endless possibilities of things to do and see. Please visit our website at www.tristatetourism.com for more information on area attractions and to learn more about the Tri-State Tourism Council.

How to use this map...

This map is an artist's rendition and the roads are not drawn to scale. The scenic roads are definitely worth investigating. We encourage you to travel the scenic roads to some of the smaller communities in the area. You just may find that one-of-a-kind antique, discover an unusual historic site, or taste the best pie ever in a country cafe.

NOTE: Recreational trails are schematic and allow hiking and biking in the warmer months and snowmobiling in the winter. Not all back roads are indicated.
